

# EXTERIOR DOORS

FRAX COLLECTION

We make doors according to individual projects, combining unique design with high parameters of thermal or acoustic insulation.

### FRAX exterior doors:

- self - made construction
- U factor below 0.6W/(m<sup>2</sup>xK)
- door leaf 75mm thick
- oak /ash finishing
- RAL and NCS finishing or transparent varnishes

We provide service to architects, individual investors and developers.
